

Star of the Week

Monday: The STAR brings a poster all about himself/ herself to share with the class and hang in our room. You can use pictures, magazine cut outs, etc. Feel free to make a Power Point presentation if you would rather. Your child can bring it on a flash drive, or you can e-mail it to me at rbryner@graniteschools.org.

Tuesday: The STAR brings the estimation jar full of at least thirty items. (Some examples may be: 37 marbles, 46 erasers, 53 Starbursts, etc.) The choice is yours. Please note that all edible items must be individually wrapped for sanitary reasons. After you and your child have counted the items, write the number on a piece of paper, fold it, and tape the number under the lid.

Wednesday: The STAR gets to bring items for Show and Tell.

Thursday: The STAR brings their favorite picture book and reads it to the class.

Friday: The STAR opens the guesses from the estimation jar and determines the winner!

Thank you for your support with this special week.

Your child will be the STAR during the week of:
